Portfolio: <https://bryanalexfreire.github.io/>

PROFESSIONAL SUMMARY

Results-driven QA Engineer with 4+ years of experience designing and implementing comprehensive quality strategies across fintech, enterprise systems, and banking sectors. Expert in test automation, CI/CD integration, and quality metrics optimization. Proven ability to reduce regression cycles by 67-75% while improving defect detection by 35%. Skilled team leader with experience mentoring QA teams and establishing quality best practices. Passionate about building scalable testing frameworks that enable faster, more reliable software delivery.

PROFESSIONAL EXPERIENCE

QA Engineer | Banco Pichincha S.A

Quito, Ecuador | January 2026 - Present

- Designed and implemented E2E, API, and mobile testing strategies reducing cycles by 67-75%
- Normalized 30+ regulatory compliance test cases down to 13 certified cases (100% coverage)
- Reduced post-release defects by 35% through intelligent automation and risk-based testing
- Automated daily reporting, reducing manual effort from 2 hours to 45 minutes (62.5% efficiency gain)
- Established contract testing for microservices, enabling parallel service development
- Increased team test execution autonomy by 30% through framework training and documentation
- Implemented performance baselines for critical banking transactions (e.g., transfers, payments)

QA Engineer | NTT DATA

Quito, Ecuador | September 2023 - January 2026

- Architected SerenityBDD/Cucumber automation framework for enterprise applications
- Implemented Selenium-based E2E automation suite reducing regression testing by 40%
- Designed and executed API testing strategies using Karate framework with 85% code coverage
- Integrated automated testing into Jenkins CI/CD pipelines enabling daily deployments
- Performed load testing with k6 on microservices, identifying bottlenecks in distributed systems
- Mentored junior QA engineers on automation best practices and testing methodologies

Quality Assurance Analyst | Perseject

Quito, Ecuador | March 2022 - August 2023

- Established QA processes for 5+ enterprise projects from requirements analysis to production deployment
- Created test plans covering functional, non-functional, and regression testing scenarios
- Collaborated with developers to reduce time-to-resolution for defects by 25%

QA Analyst | Bayteq

Quito, Ecuador | November 2021 - February 2022

- Performed comprehensive functional and regression testing for e-commerce platforms
- Documented test cases and defects with clear reproduction steps and severity levels

QA Tester | Zurich Insurance

Quito, Ecuador | June 2021 - October 2021

- Validated insurance claim processing workflows and policy management systems
- Ensured compliance with regulatory requirements in financial services

TECHNICAL SKILLS

Test Automation: Selenium WebDriver, SerenityBDD, Cucumber, Karate, Appium

API Testing: Postman, REST, GraphQL, Contract Testing, WireMock

Performance & Load: k6, Grafana, LoadRunner, Apache JMeter, Performance Baselines

CI/CD & DevOps: Jenkins, Azure DevOps, Git, GitLab CI, Docker basics

Programming: Java, JavaScript/Node.js, SQL, Gherkin/BDD

Databases: PostgreSQL, Oracle, MySQL, SQL Server

Test Management: TestRail, Azure Test Plans, Jira, Confluence

Methodologies: Agile/Scrum, Risk-Based Testing, BDD, Test Automation Strategy

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- ISTQB Certified Tester Foundation Level 4.0 (Advanced Testing)
- ISTQB Certified Tester, Foundation Level - Agile Tester (Agile-focused QA)
- K6 Certified: Performance Testing & Load Testing
- Certified Scrum Master (CSM) - Agile Team Practices
- DevOps Foundations: CI/CD - Infrastructure & Automation
- Specialized Training: Docker Fundamentals, Azure Cloud Services, Design Thinking, Leadership in Technology
- 22+ Professional Development Courses: Selenium Advanced, Karate API Testing, k6 Performance Engineering, Database Testing, Test Strategy & Planning

EDUCATION

Bachelor's Degree in Information Systems Engineering

Focus Areas: Software Quality Assurance, Test Automation, DevOps & Cloud Infrastructure
Graduation: 2024

LANGUAGES

Spanish (Native) | English (Professional Proficiency)
